

# NEW CONCUSSION POLICY

Utah recently passed a bill (HB 204) requiring that athletes under 18 be removed from a sporting event when it is suspected they have sustained a head injury or concussion. To return to play, athletes would be required to obtain medical clearance from a health care provider trained in the evaluation and management of concussions.

In order for a student to participate in any organized sporting event within Provo School District, release forms must be signed. See Policy and Forms below
